Certification of Financial Assurance

This page is to be completed by the owner or operator of a Fixed Treatment Unit operating under Permit by Rule (PBR), or a generator operating pursuant to a grant of Conditional Authorization (CA). If this is a new facility, this certification should be attached to the Onsite Hazardous Waste Treatment Notification - Facility page. If this is an existing facility and you have previously submitted a Notification, the certification and the financial assurance mechanism may be submitted without another notification. Permit by Rule (PBR) and Conditionally Authorized (CA) operations are required to provide financial assurance for closure costs [22 CCR §67450.13(b) and HSC §25245.4]. However, you are eligible for an exemption from financial assurance requirements if closure cost estimates are not more than \$10,000 [22 CCR §67450.13(d)]. PBR operations that operated less than thirty (30) days in any calendar year are also eligible for an exemption [22 CCR §67450.13(e)]. Complete the page even if you qualify for an exemption.

An adjustment to the closure cost estimate for inflation is required to be completed by March 1 of each year. See HSC §67450.13(a)(2) for instructions on calculating the adjustment. This updated closure cost estimate must be maintained at the facility.

Refer to 22 CCR §67450.13 for financial assurance requirements.

(Note: the numbering of the instructions follows the data element numbers that are on the UPCF pages. These data element numbers are used for electronic submission and are the same as the numbering used in 27 CCR, Appendix C, the Business Section of the Unified Program Data Dictionary.)

Please number all pages of your submittal. This helps your CUPA or local agency identify whether the submittal is complete and if any pages are separated.

1. FACILITY ID NUMBER - Leave this blank. This number is assigned by the CUPA. This is the unique number which identifies your facility.

2. EPA ID NUMBER - Enter the EPA ID number for the facility.

3. BUSINESS NAME - Enter the full legal name of the business.

700 CERTIFICATION STATUS - Check the reason the certification is being completed.

702 ESTIMATED CLOSURE COSTS - Enter the total estimated cost of closing each treatment unit and attach a written estimate of the closure costs. The estimated closure cost may be either the actual cost or the estimated cost when using your own staff and/or equipment. The closure cost estimate may take into account any salvage value that may be realized from the sale of wastes, facility structure or equipment, land or other facility assets. Following is a model closure cost estimate:

ACTIVITY	COST
1. Removal, treatment (on-site or off-site), or disposal of waste inventories	_____
2. Removal and disposal of soil	_____
3. Decontamination of equipment and structure	_____
